

## **San Do's Supply list** for WOCP 2017 Convention

Each student needs to bring their own 9 x 12 pallets, clean. San will premix and have ready and pass out the colors needed for each student for the class.  
For the paint, there will be a charge of \$15.00

Also, the students will need to purchase and use one 1oz. container of San Do painting medium. They may use whatever they like for brush cleaner. The color study will be \$7.00 and San will provide the line drawings.

Also each student should bring: a stylist--graphite paper--a wipe-out tool--a 'b' liner and a # 7 square shader, a # 8 ss.-- a # 10 or # 12 ss. If they want to bring a brush close in size to these they may. San will have brushes for sale but never wishes to appear to be pushing students to buy his items.
